

**MONTANA RECLAIMED LUMBER CO**  
QUALITY ANTIQUE LUMBER PRODUCTS

## BY THE BOARD

Various reclaimed lumber products are offered by the board (BTB) so you can mix and match for jobs large and small. Over decades we have amassed a collection of specialty hardwoods such as teak, chestnut, cherry, walnut, and oak which are available as live-edge, old-face, and re-sawn, and are stored inside. Outside we have Premium BTB racks of gray and brown boards organized by color, thickness, and width for efficient shopping. If you can work around knot holes and checks, our most rustic product, standard BTB, is priced to move.
